On yesterday atternoon we visited the new dentistry of Dr. W. P. Williams, (successor to Dr. A. M. Austin,) in Neff's new brick building on Eighth street, removed from Dr. Austin's old stand on Commercial avenue. Dr. Williams has already acquired an excellent reputation as a skilled and successful dentist, as well for a genial and gentlemanly character of high standing, and has given entire satisfaction to all who have hitherto regired his services. He desires to return thanks for the patronage which has thus enabled him, to keep up with the public demand, and which is alike creditable to his enterprise and professional ability as to the appreciation of them by his fellowtownsmen. Dr. Williams now occupies an elegant suite of apartments on the second story of the afore mentioned fine building. The receiption and operating rooms are well and neatly furnished, whilst the laboratory possesses all the appliances that modern science can furnish in the dental line. He is fully prepared therefore to perform all dental operations at his usual reasonable rates. Dr. A. M. Austin will return to Cairo on the 1st of September to remain. That gentleman is to become the partner of Dr. Williams in the practice of his profession. 7-16dtf

# TESTIMONIALS.

(From the celebrated Musical Professor, Phillip

"I do not think I ever saw a finer toned organ than this one, and if I could always find as sweet a toned organ as this one, (Simmons & Clough) I should never trouble myself to carry one with me."

[From the Detroit Peninsular Herald.] "For both interior finish and exterior appearance, and in the completeness of all their appoinments, these 'Combination Organs' are perfect beauties, while for their musical qualities, both as regards quantity and quality of tone, and for variety of expression, pleasantness of touch, ease of operation, and all the qualifications which contribute to the perfection of a desirable instrument of this kind, we have full confidence that they are unsurpassed

by any manufacture in the ccutry. "There is no manufacturing institution of which Detroit can more justly feel proud, than of this manufactory of beautiful and useful instruments, for the Simmons & Clough Organ Co.'s organs are now recognized the country over, as among the very best the market affords."

[From the Burlington Iowa Tribune.] "Messrs. Lang & VanMeter have just received a number of new organs, and among them two recommend themselves particularly, by a new invention which makes the tone more like that of a flute wherefore they are particularly adapted to accompany the voice in singing. These organs are supplied with "Scribner's patent" qualifying tubes. Through this invention an organ having only two sets of reeds, is as powerful as any other which has six or eight sets of reeds." 7-18-1w.

CA STORIA--Is a scientific vegetable prep aration; a perfect substitute for and more effective than Castor Oil, and is pleasant to take. It cleanses the system in a most remarkable, manner; does not distress or gripe, but operates when all other remedies have failed. It is certain to supercede Pills, Castor Oil, Narcotic Syrups and all other Purgative and exciting medicines. The Castoria contains neither Minerals, Morphine nor Alcohol. By its emolient, soothing effect, it assimilates the food and produces natural sleep, particularly adapting it to crying and teething children. It cures Stomach Ache, Wind Colic, Constipation, Flatulency, Croup and kills Worms. Make your druggist send for it; he will always keep it, as every family must have it. It costsbut thirty five cents

HOW TO GO WEST.

Rizer's building.

This is an enquiry which every one should have truthfully answered before he starts on his journey, and a little care taken in examination of Routes will in many cases save much trouble, time and

The "I. B. & W. Route," running from Indianapolis through Bloomington to Burlington, has achieved a splendid reputation in the last two years as the leading passenger route to the west. At Burlington it connects with the great Burlington Route which runs direct through Southern Iowa to Nebraska and Kansas, with close connections to California and the Territories; and passengers starting from Cairo on their way westward, cannot do better than to take the I. B. & W. and Burlington

This Line has published a pamphlet called "How to go West ," which contains much valuable information; a large correct map of the Great West, which can be obtained free of charge by addressing the General Passenger Agent B. & M. R. R Burlington, Iowa. 7-12.d&w3m.

LOVELINESS ON THE INCREASE .- A marked increase of female loveliness is th eye-delighting result of the immense popularity which HAGAN'S MAGNOLIA BALM has obtained among the ladies of America. Complexions radiant with snowy purity and tingled with the roseste hue of health are commonly met with whenever it is used. For the sallow and unwholesome appearance of the face and neck, which utterly counterbalances the effect of any personal attraction the owner may possess, it substitutes that clear, pearl-charm in woman, and renders the rough like complexion which is such a transcendent est skin as soft as Genoa velvet. No one is more astonished than the person using it, at the marvelous transformation which it effects in these particulars.
